

ALL-WATER MEXICO- U.S. EAST COAST SERVICE

**COST-EFFECTIVE DIRECT OCEAN SERVICE PAIRED WITH
ALBA'S TRADE-SENSITIVE CUSTOMS EXPERTISE**

Alba now offers a direct ocean container service from Mexico to the U.S. East Coast - a faster and more controlled alternative to traditional border crossings or long domestic moves.

Core Service Offerings:

Direct Mexico → U.S. East Coast Routing:

Weekly sailings, dry & reefer container support, modern terminals with inland access

Visibility & Tracking:

Real-time tracking, milestone alerts, predictive ETAs, and exception visibility

Customs & Compliance Support:

Full import management (CBP, FDA, USDA), pre-clearance, FSVP guidance, HTS/valuation accuracy

Flexible Capacity & Scheduling:

Scalable capacity, smooth origin handling, and reefer-capable lanes for perishables

FAST, PREDICTABLE, AND SUSTAINABLE BENEFITS FOR ALBA'S CLIENTS

Shorter, more reliable transit versus trucking or border congestion:

- Cost-optimized routing with reduced drayage, detention, and demurrage exposure
- Sustainability benefits via low-emission maritime operations
- Full end-to-end handling by Alba for accountability and compliance
- Origin and destination inland transportation and distribution management

Ideal For:

- Near-shore importers moving goods from Mexico to U.S. East Coast for distribution
- Retail, consumer goods, produce, perishables, and temperature-controlled shipments
- Shippers seeking reduced transit variability

We can quickly onboard you and book your shipments on the very next sailing
